What on Earth

Is the reason people will not, can-
not, or do not see any difference in
cheap nos trums put up by Cheap
John houses or irresponsible parties
at enormous profits, rather than
take a medicine of world wide repu-
tation and one that is giving uni-
versal satisfaction at equal price?
No medicine in the world is giving
such unparalleled satisfaction for
purifying the blood as BEGG'S
BLOOD PURIFIER & BLOOD
MAKER, and every bottle that
does not do its work, will cost you
nothing. W. H. Chedie, Druggist

How Can Parents

allow their children to cough and
strain and cough and calmly say:
"Oh! its only a little cold," and
keep giving them cheap and dan-
gerous medicines, until they are
down with lung fever or con-
sumption, when they can be so
easily relieved by BEGG'S CHERRY
COUGH SYRUP? It has no
superior and few equals. W. H.
Chedie, Druggist.

For Rent.

Two furnished rooms, Cor. Mus-
ser and Plaza streets, immediately
opposite the Capitol. Apply on
premises. Rent cheap.

ALL SORTS.

Hon. Fred Dangburg is in town.
Wood is on the rise along with
everything else.

Postmaster White was reported
worse yesterday.

The roads on the C. & C. are in
a very bad condition.

It appears that the Western mail
has not reached Reno.

Henry Daugherty, who has been
very sick, is reported better.

Jas McMahon a character at the
lake dropped dead yesterday.

Meat is sold very cheap at the
new market opposite the Capitol. 31

The conditions of the streets in
the southern portion of Carson is
very bad.

Geo. I. Lammon of Virginia has
been appointed Supervisor of Cen-
sus of Nevada.

Big sleighs have taken the place
of wagons in the freighting business
in Bodie and Aurora.

The new snow plow went to the
Scales yesterday afternoon and re-
turned at 7 p. m. but got stuck
twice on the way down.

The Indians say the Sacramento
river is five feet higher than ever
before, it being two feet deep in
the Golden Eagle Hotel.

Jake Klein sent a keg of beer to
the Devil of the APPEAL office re-
cently, but shortly after the arrival
of the keg, the boy disappeared.

The V. & T. sent some men to
work on the road between here and
Virginia yesterday and expect to
have everything cleared by today.

The Enterprise says that the Vir-
ginia Water Company has expend-
ed over \$7,000 for snow shoveling
and are still as far behind as ever.

Manager Piper was to have Gris-
mer-Davies play the "Burglar" on
February 3, but the blockade will
probably prevent their appearance.

Yesterday Fred Dangberg heard
that his ranch was liable to be
under water and sent word to have
100 cords of wood piled on the roof
of his barn.

The gang of snow shovelers on
the V. & T. were started to work
between here and Reno yesterday
morning, but had to quit on account
of the snow.

Mrs. Allen sticks to her tele-
graph instrument through thick and
thin and shoves the messages out
if there is one chance in a thousand
of their getting through.

It would be a good idea for own-
ers of side-walks to clean them of
snow and ice before another cold
snap occurs. The snow covering
the sidewalks is now soft, and can
be easily removed.

The report that the plaster in the
Government Building would have
to be replaced is denied by the
Contractor who says that it was
only in a few places where two or
four square feet will have to be re-
placed.

A dispatch from Dave Nagle,
Deputy U. S. Marshal, says that he
will be in Carson as soon as the
blockade is raised. This is a re-
ply to a message informing him that
his sister Mrs. M. J. Kelly was in
a dangerous condition.

The Spanish Ditch bursted day
before yesterday and for a distance
of 100 yards between Cook's ranch
and Dr. Benton's ice house, the
water is pouring out in a steady
stream. Parties from Empire and
Carson are working on it, but are
making little progress.

The Boyd brothers have offered
the finest meats obtainable to their
customers and as they raise their
own beef, veal, mutton and pork,
they can not only select the most
choice meats but can place it at a
very low rate. The boys are well
known throughout this section and
will endeavor to please their cus-
tomers. j29tf

Farmers Charged with Murder

LOLA, Kas., Jan. 24.—Six farm-
ers of more or less prominence were
arrested here today for the murder
in August, 1888, of Columbus Car-
ter. They were members of a band
of regulators known as the "Land
Leaguers." Carter was arrested
for a brutal crime and acquitted.
Upon his release he was met on his
way home by the Land Leaguers,
who shot him to death. The six
farmers are charged with being im-
plicated in the crime.

WEATHER FOR DECEMBER

Friend's Meteorologic Esti- mate of the Snow Fall.

The following is Prof. Friend's
estimate of the precipitation in this
State for December:

December, 1889, will go upon
record as an exceptional year as
regards precipitation. In the ab-
sence of official records throughout
the State, prior to 1887, no definite
estimate can be placed upon the
excess, which was abnormal during
the month over the entire State.
The oldest residents of the State
say that no such weather has been
experienced up to the month of
December since the Winter of 1868-
69, when the snow was very heavy
throughout the State.

The storm which started in the
latter days of November practically
continued throughout December,
there having been on an average
10.4 days upon which rain or snow
fell at the 30 stations reporting,
while the amounts are excessive
from all localities, and in some in-
stances great damage has been done
to stock and property.

In the Sierra Nevada mountains
travel could not be resumed for
several days, while wagon roads
were simply impassable for wheeled
vehicles, and the sleigh had to be
resorted to for all purposes. In
Humboldt county the snow is re-
ported so deep that fears are enter-
tained for the safety of bridges and
dams when the June freshet comes.

The Rio Virgin river, in the South-
ern portion of Lincoln county, rose
so high under the unprecedented
rainfall of 4.35 inches in that local-
ity, that it overflowed its banks in
many places and changed its course
washing everything in its path
away, including dams and bridges.

The storm was not local, for while
in Nevada snow fell to immense
depths, California from its Northern
boundary to the Gulf of California,
was deluged with excessive rains,
which in some localities were very
destructive, swelling the streams to
such proportions that they over-
flowed their banks and made new
channels in their meandering course
washing out railroads, bridges and
everything which came in its way.
In some of the canyons in Ormsby,
Washoe, Lander and Humboldt
counties snow is reported in depths
from 20 to over 100 feet, and pack-
ed very solidly; this insures an
abundant supply of water for min-
ing and agricultural pursuits during
the coming seasons.

Lake Tahoe has risen over 12
inches, and there is many feet of
snow in the mountains on all sides
of it, which insures a further rise
when warm weather comes.

Owing to the continued severity
of this storm cattle have suffered
much for want of feed, there being
scarcely any hay obtainable last
season.

The greatest amount of precipita-
tion reported from any one station
was 11.12 at Pioche. Following
this came Leonard's Creek with
9.43; Tuscarora, 9.28; Lewers'
Ranch, 5.44, and Genoa, 7.55.
These being the greatest amounts
reported at any station. The
greatest amount of snow which fell
at one station was at Tuscarora,
81.50 inches for the month, with
42.00 on the ground on December
31. The mean precipitation for the
entire State was 4.09 inches, and
the average snowfall 23.00 inches.

ADVICE TO MOTHERS.

— Mrs. Winslow's Soothing Syrup
should always be used for children
teething. It soothes the child, soft-
ens the gums, allays the pain, cures
wind colic, and is the best remedy
for diarrhoea. Twenty five cents a
bottle.

While Will Wright is still with
Peterson, at the gallery ever Thax-
ter's, special attention will be
paid to enlarging of portraits. Mr.
Peterson has done some very fine
work in this line, which can be
seen at the gallery. The public is
invited to call and inspect same. j2
Cough! and Cough! and Cough!

What in the world is the reason
you will cough and keep coughing
and still keep trying inferior medi-
cines when BEGG'S CHERRY
COUGH SYRUP will positively re-
ceive your cough at once? This is
no advertising scheme, but an ac-
tual fact, and we guarantee it. W
H. Chedie, Druggist.

THE R. R. STILL CLOSED.

The Wind and Snow Still Bar- flies the Officials.

Yesterday morning found the V.
& T. in as bad a condition as ever.
The night before, Mr. Ardrey hav-
ing two gangs at work got the men
within a few hundred feet of each
other by midnight and just as the
victory over the snow seemed as-
sured, a wind sprung up and in a
few hours filled everything up again
as bad as ever. The snow poured
into the cut all night and filled it
level again.

It was the most disheartening
that had happened, but the work
did not lag and yesterday the new
snow plow sailed into the drifts,
doing good work.

They have succeeded in getting
four out of the five derailed engines
on the track again in good order.
The road to Reno is still blockaded.
Yesterday the S. F. mail reached
Reno and there was talk of sending
parties to Reno on snow shoes to
get it. Mr. Cohn says he will land
every letter and paper due this city
here in 36 hours for \$500.

Virginia City is completely cut off
from the outside world and the
people are getting very tired of the
monotony.

Yesterday Cagwin & Noteware
served the Enterprise to their sub-
scribers by sending A. C. Pratt to
Virginia City on snow shoes. He
landed the goods all right and the
Enterprise was delivered to all of
Cagwin & Noteware's subscribers.

Mr. Ardrey has worked like a
horse for the last ten days trying to
clean the road and done all in power
of human will, men, money, steam
and steel, but the elements seem
more potent than all and still the
snow and wind has the upper hand.

A FLOOD THREATENED.

The Boyed Dam Endangers Carson Valley.

The sudden change of tempera-
ture in the last few days has placed
a serious aspect in the outlook in
the Valley.

The flood mentioned yesterday it
is claimed was caused by the backing
of water behind the Boyed dam.
Breaking ice added to the height of
the dam and the water began to
spread over Carson Valley so as to
endanger life and property.

At John Rosser's ranch, nine
miles from here, the water was two
feet deep in his house.

Herman Springmeyer was obliged
to drive his stock to high ground to
save their lives.

Yesterday however, there was a
tremendous rush of water and
broken ice below the dam, showing
that it had broken.

The flood came with fearful ve-
locity past the mills and all day the
stream was roaring.

All along the valley came reports
of floods and fears of snow slides.
The thaw is originated by a warm
south wind, which if it keeps up
forty-eight hours will sweep one
end of the Valley to the other. The
result of the thaw is the beginning
of the hay famine.

Yesterday grass hay was \$20 a
ton, the hay yards selling it to
favored customers. Alfalfa can be
got at the R. R. depot for \$17.50.
Should a flood follow, hay will be
\$25 a ton inside a week.

Lost.—A white knit shawl. The
finder please leave the same at
Cagwin & Noteware's store. j. 21 tf.

Language is hardly strong enough
to express my admiration of the
merits of Chamberlain's Cough
Remedy. It is the best remedy for
croup and whooping cough I have
ever used. During the past eigh-
teen years I have tried nearly all
the prominent cough medicines on
the market but say, and with
pleasure too, that Chamberlain's
Cough Remedy is the best of all.
THOMAS RHODES, Bakersfield, Cali-
fornia, For sale by G. C. Thaxter.

Mr. W. H. Baldrige, druggist
Escondido, California, says: Cham-
berlain's Cough Remedy is the best
selling medicine I handle. In fact
I sell more of it than all other
cough medicines combined. Every-
one who has used it speaks in glow-
ing terms of its efficiency. For
sale by G. C. Thaxter.

Harris the barber in the Ormsby
House block now announces that he
will cut hair for 25cts. *tf
